Forces Ordered to Evacuate San Luis Potosi to Prevent Bloodshed.

TALKING PEACE TERMS

Huerta and Blanquet to Sail From Puerto Mexico on German Cruiser.

Monterey, July 18.—Seven thousand constitutional troops were today ordered to march toward Mexico City, to be ready to preserve order there in case of an outbreak. The troops ordered south are under command of General Jesus Carranza, brother of the first chief. Constitutional officials claim they have 30,000 troops within 24 hours by rail of the capital.

Washington, D. C., July 18.—To demonstrate that the new provisional government of Mexico wishes to restore peace without further bloodshed, President Carranza, Huerta's successor, has ordered the federal forces to evacuate San Luis Potosi, one of the large cities of central Mexico.

Carranza has sent a commission to Oaxaca to meet three commissioners sent from Mexico City with authority to arrange transfer of power to the constitutionalists. These advisers were received today at the Mexican embassy by Senator Castellot, personal representative of Carranza.

Unofficial reports from Matamoros last night indicated that the federalists had departed. Castellot had little information as to the whereabouts today of the Carranza commissioners. He understood, however, that Carranza had sent a committee to meet them, but merely as an escort to Monterey, and without authority to discuss terms of peace. The commission sent by Carranza has instructions to go direct to Carranza headquarters.

Efforts aimed at restoration of peace in Mexico were redoubled today by administration officials. They were in direct communication with Carranza and were urging him to proclaim general amnesty for political offenders and in touch with Zapata, the southern rebel, whose forces frequently appeared almost at the gates of the capital.

Huerta Bound for Jamaica.

Puerto Mexico, July 18.—It is announced that Huerta has decided to depart from this port on the German cruiser Dresden, General Blanquet, alone accompanying him. It is understood the Dresden will proceed to Jamaica, but this is not officially announced. None of the refugees who are accommodated on the British cruiser Bristol, which has been utilized as a refuge for many fugitives here. About 40 fugitives, mostly women, will proceed on the City of Mexico as ordinary passengers to Galveston via Vera Cruz. It is thought probable the gunboat Bravo will carry still others of the fugitives from Mexico. Permission to use the Bravo has been granted by the new government.

Huerta and Blanquet rose at 8:00 o'clock in spite of the fact that work kept them up after midnight. The former dictator had not left his car since his arrival here. In the latter part of the night he suffered a slight attack of indigestion and this morning was in an unamiable mood. Neither Mrs. Huerta nor Mrs. Blanquet had seen her husband up to 7 this morning, but plans were made for an interchange of calls before the departure of Huerta and his former war minister.

Huerta called a number of newspaper men into his railroad car, saying: "I am going to do both questioning and answering myself. If the men in the mad house do. Why did I resign? I resigned because I believed, after having arranged international affairs, my duty was to give the last proof of my devotion to the sons of the republic. Also, I was convinced my resignation would serve as a means of conciliation between all sons of the republic." The second self-asked question was, "Why are you leaving the country while you are still able to serve it?" The answer follows: "My departure from national territory has no other cause than to leave the government an ample field for action. I declare to the world that the line of conduct I always followed had no other object than my heartiest desire for the pacification of my country."

Villa Assures Protection.

Washington, D. C., July 18.—General Villa communicated with the state department through Consul Edwards at El Paso today, offering guarantee for protection of lives and property of Americans and other foreigners along the border in states where he is in power. Edwards also telegraphed the reports of the fall of Palomos were believed untrue. Edwards received word that some hundred robbers took part in the battle, that the constitutionalists were not annihilated and

Slain Woman's Daughter

William Bailey comforting his grief-stricken daughter Madeline.

Perhaps one of the most pathetic scenes ever witnessed in a court room was enacted at Mineola, N. Y., when Madeline Bailey, 17-year-old daughter of the woman who was murdered in the office of Dr. Carman, took the stand to tell what she knew concerning the relations between her mother and Dr. Carman. Miss Bailey is a handsome girl and it was under the guidance of a good mother that she became a young woman of modest refinement.

**CAILLAUX CASE IS
SET FOR MONDAY**

Slayer of Figaro Editor to Appear for Divorce No Matter Outcome of Trial.

Paris, France, July 18.—The trial of Madame Caillaux, wife of the former French premier and minister of finance for the murder of Editor Calmette of the Figaro, March 16, will begin Monday. The prisoner's health appeared much better today than when she was arrested. It is reported she intends to apply for a divorce after the trial, whatever its outcome, as she is said to consider by so doing she will show the greatest mark of love for her husband, since by remaining with him she thinks would prove an obstacle to his political career.

The trial is expected to last at least five days. The space in court usually occupied by spectators will be given up almost entirely to newspaper men, 142 of whom from all parts of the world have been allotted places in the press box. Madame Caillaux's counsel is Ferdinand Labori, who became famous as the defender of Captain Dreyfus.

Sherrard Man Becomes Candidate for Republican Nomination for Senate.

(Special to The Argus.) Springfield, Ill., July 18.—The following candidates for the legislature from the Thirty-third district have filed petitions with the secretary of state up to noon today: For Senate—Charles A. Clark, republican, Sherrard; Frank A. Landee, republican, Moline. For Representative—Everett L. Werts, democrat, Oquawka; D. A. Whitman, progressive, Biggsville; Thomas Campbell, republican, South Rock Island township; William J. Graham, republican, Alledo.

**ELGIN'S PRODUCE
BOARD ENJOINED**

Chicago, Ill., July 18.—An injunction restraining the Chicago Butter and Eggs board from publishing prices on butter, eggs and other produce was issued yesterday afternoon by Federal Judge Landis.

In a suit filed some months ago the government charged that the butter and egg board was artificially fixing prices of commodities in which it dealt. The government contended that by publishing prices on the commodities the butter and egg board artificially created higher prices than the market warranted and violated the federal law prohibiting all acts in restraint of trade.

Chicago Education Board Investigator Points to Moral Contamination on Lake.

Chicago, Ill., July 18.—A warning to parents not to permit unescorted children to patronize excursion boats on Lake Michigan, was sounded in a report to the board of education Friday by William L. Bodine, superintendent of compulsory education.

The report declared the children were in physical danger in case of accident and in constant danger of moral contamination. The boats are equipped with life boats and rafts sufficient only to care for 40 per cent of the 3000 passengers frequently carried, the report adds. The great majority would have to depend on life preservers, it is said.

As a moral contamination, the report continued: "Liberties are taken with unescorted young girls and unrestrained rowdiness prevails. Petty gambling with slot machines, wheels and paddle games give school children their first lessons in gambling. Little tots of six and eight years were found playing the games."

Jap Bribers Sent to Prison. Tokyo, Japan, July 18.—Retired Vice Admirals Matsuo and Kenzo Iwahara, were sentenced to two years' imprisonment for forging documents and bribing Japanese naval officers to influence allotment of constructive contracts.

President Entirely Recovered. Washington, D. C., July 18.—President Wilson took a short walk in the business section of the city today and attended to some business at his bank. He has apparently entirely recovered from his indigestion. He planned to see no callers.

Settlement of Home Rule Question Said to Have Been Reached

REVIEW IS POSTPONED

Remains in London to Receive Reports of Conferences of Party Leaders.

London, England, July 18.—King George, who is making great efforts to bring a settlement of the Irish home rule crisis, decided this morning to postpone until later in the day or tomorrow his proposed visit to Spithead, where almost the entire navy of more than 400 craft of all types is gathered for the annual review of his majesty. This he did so he might be on hand in London to receive reports of developments of conferences going on between various party leaders.

It is understood, when the opportune moment arrives, the king will throw his influence toward the side looking for an amicable settlement. Belief prevails that such a settlement is not far off, and the Liverpool Post, one of the best informed newspapers on the government side, says there is really an arranged settlement of the Irish question.

Details have yet to be adjusted, but the broad facts can be regarded as fixed. Other authorities do not go quite so far, but satisfy themselves with the statement there is a near approach to settlement.

**PUT OFF INQUEST
ON CHICAGO FIGHT**

Officials Declare Battle in Old Red Light District Not Due to Enmity.

Chicago, Ill., July 18.—The coroner's jury which yesterday began its investigation into Thursday night's shooting affray in the former segregated district in which one policeman was killed and three wounded, adjourned without having determined upon the facts which led up to the revolver battle. They adjourned to await the results of the wounds of the three detectives now in hospitals. The jury, composed of six public school principals, recommended that Fred Amort, morals detective arrested on suspicion of the shooting, be released on his own recognizance, pending the result of the inquest.

Officials of the police department were firm in their statements that the shooting was not the result of conflict in the different branches of the department. They seemed agreed that the men from the morals department lost their heads when threatened by a crowd of levee hangers-on and began shooting when they saw revolvers in the hands of the plain clothes men coming to their assistance.

"They were too quick to show their revolvers and not quick enough to show their stars," said James Gleason, chief of police.

The old South Side levee district has been transformed from a colony of immoral women to a colony of criminals, according to McClay Hayne, state's attorney. He has announced that he will begin a crusade against all criminals of both sexes found in the district and that he will demand the revocation of most of the saloon licenses there.

Mrs. Pankhurst Against Released. London, England, July 18.—Mrs. Emmeline Pankhurst was again released from Holloway jail today.

Is Stumping For Hubby

Mrs. Knowland in action.

San Francisco, Cal., July 18.—While her husband is campaigning in the southern part of the state, Mrs. Joseph R. Knowland, wife of the California republican congressman who wants to be senator, is very actively stumping in the north. Mrs. Knowland can give a first class speech, and they say she is winning as many votes for her husband as he is himself. Here is one of Mrs. Knowland's typical speeches, delivered at a noon meeting attended by 1,000 employees of the Union Iron works in this city:

"You men who built the Oregon should support my husband for United States senator," said Mrs. Knowland. "He has consistently advocated an adequate navy, and if he could have his way you would build many more battleships, even finer than the Oregon, or which you are all justly proud. "Members of organized labor have

**SHAMROCK SAILS
TO TRY FOR CUP**

Portsmouth, July 18.—Shamrock IV, Lipton's challenger for the American cup under convey of the steam yacht Erin, sailed this afternoon for Falmouth, whence she is to start for the United States.

It had been intended to sail the Shamrock past the royal yacht for inspection by his majesty, but the change of program was brought about by postponement of the arrival of the king. The yacht passed through the lines of the fleet lying here and was given a hearty send-off by warships, excursion steamers and yachts. Among Lipton's guests on the Erin is the earl of Ardwicke, who was transferred to the Shamrock at Azores and worked his passage as an able seaman. He hopes to make good and be given a permanent job as a member of the Shamrock's racing crew. Hardwicke has led an adventurous life as a cowboy in Texas. He comes from a seafaring people and is keen on yachting. The people of Gosport presented the challenger with a model of a parrot as mascot to be perched on the bowsprit of the yacht while crossing the ocean. The Shamrock also carries a number of toy monkeys and other objects sent as mementoes.

FIVE DIE AS BOAT SINKS

Effort of Woman to Climb From Water Causes Accident.

Manchester, N. H., July 18.—The attempt of Miss Annie Burrans, a student at the New England Conservatory of Music in Boston, to climb into a rowboat in which were her sister, Mrs. Minnie Mills of South Merrimack, the latter's two small children, Marjory and Evelyn, and her young niece, Dorothy Burrans, caused the drowning of all five yesterday. The accident occurred in Natick lake in South Merrimack. Miss Burrans was swimming while her sister and the three children rowed about in a flat bottomed boat. When Miss Burrans grasped the stern of the boat and tried to climb in it went under.

Railroad Official Shot.

St. Louis, Mo., July 18.—Felix Anderson, assistant to President McChesney of the St. Louis Terminal Railroad association, was shot in the left shoulder today by a man who entered the office and inquired for McChesney. The wound is not dangerous. The would-be assassin escaped.

**RUS GOVERNMENT
TO AID EMIGRANT**

Bill is Drafted Providing for Abolishment of Penalties Heretofore Imposed.

St. Petersburg, July 18.—Russia is about to recognize as legitimate the emigration of her surplus millions to countries other than those in Europe and the ministry of commerce today submitted to the cabinet a bill to abolish some of the penalties hitherto attaching to unauthorized emigration. The bill in preamble specially refers to 281,000 emigrants from Russia to America last year and also to the fact that \$350,000,000 was remitted to Russia in 1913 by Russian subjects who settled on the other side of the Atlantic. In place of expensive passports heretofore necessary to everybody desiring to depart from Russia permits will be issued at a cost of only ten cents.

The fine inflicted on absentees who have been more than six months abroad will be abolished in the case of those returning on board Russian steamers. The bill also provides establishment of a fund to assist emigrants in Russian ports and abroad and for the appointment of a special commission to defend their interests in foreign countries. Emigration agents will be liable to imprisonment for holding out false inducements to emigrants.

**ROAD DIRECTORS
SUED IN GOTHAM**

Stockholders Seeking to Compel New Haven Officials to Answer Charges.

New York, July 18.—A suit in equity was instituted here today in behalf of certain minority stockholders of the New Haven railroad against directors of the road and corporation to compel them to answer charges of maladministration and misuse of funds. The suit, which was brought in the state supreme court, is somewhat similar to the action in Boston, which demanded restitution of \$308,000,000, of which more than a hundred million is alleged to have been misused.

Voluminous Reply to Brief Filed in Colorado Strike Case.

FACTS ARE CONCEALED

Figures as to Cost of Production in Labor Wages Attacked—Report Soon.

Washington, D. C., July 18.—Another brief in the congressional investigation of the Colorado coal strike was filed today with the house mines committee by a representative of the miners. It is a voluminous reply to the brief submitted some time ago by the operators.

Counsel for the miners declared the operators' brief was a series of "what we must necessarily call a misstatement of fact and law."

The brief attacked the figures submitted by the operators as to the production cost in labor wages. The brief filed today is expected to close the investigation and the committee will at once begin work on a report to the house.

More Guards Ordered.

Fort Smith, Ark., July 18.—Preparations were made today to send additional forces of armed men to the Prairie Creek mines of the Mammoth Vein Coal company, the scene of a fight yesterday between striking miners and sympathizers and mine guards, which terminated in the rout of the guards and damage of \$200,000. Reports indicated the rioters were dispersed, temporarily at least, last night.

**MRS. CARMAN OUT
OF JAIL ON BOND**

Can't Understand Why Jury Refused to Heed Her Plea to Tell Her Story.

Freeport, N. Y., July 18.—Mrs. Florence Conklin Carman, indicted yesterday on the charge of manslaughter in the first degree in connection with the killing of Mrs. Louise Bailey, came back to her home and her family here last night, temporarily a free woman. She was released under \$20,000 bail 15 minutes after the grand jury made known its finding to Supreme Court Justice Van Sicele at Mineola.

She rode around in an automobile and visited relatives until it was sufficiently dark to prevent a crowd of curious persons from seeing her features as she entered her home.

When Mrs. Carman was led into the court room yesterday afternoon for arraignment, she plainly showed the strain she had been under since her arrest. Her face was wan and pale.

When the clerk of the court asked her how she would plead her lips opened to answer, but Mr. Levy interrupted her.

Upon the understanding that his client would have the right to withdraw her plea within two weeks and file a demurrer and a motion to quash the indictment on the ground of insufficient evidence, her counsel entered a plea of "not guilty."

After the bail bond had been arranged and signed the physician's wife was led to an ante-room and there she collapsed. The jail physician and her husband administered restoratives and then assisted her back through an underground passage to the jail, where she entered a waiting limousine.

"I can't talk," she said to reporters. "I am too overcome. I still fail to understand why the grand jury declined to heed my plea to tell my story."

District Attorney Smith said he had new evidence which might later lead to the finding of a superceding indictment charging Mrs. Carman with a higher degree of homicide.

The district attorney also asserted that if certain clues were developed a member of the Carman household would be placed under arrest as an accessory after the fact.

ELKS MAY CHANGE RITUAL

Grand Lodge at Denver Meeting Authorizes Investigation.

Denver, Col., July 18.—After vetoing a proposition to appoint a commission to codify the ritual the grand lodge of Benevolent and Protective Order of Elks at the 28th annual national reunion here yesterday passed a resolution empowering the incoming grand exalted ruler, Raymond Benjamin of Napa, Cal., to appoint two grand lodge members to act with him on a committee to report upon a revision of the ritual two years hence.
